

INDIANA MUNICIPAL ELECTRIC ASSOCIATION

The Indiana Municipal Electric Association (IMEA) is a service organization formed in 1941. IMEA is an invaluable resource and voice for Indiana's public power communities - from the smallest to the largest. All have benefited by being a member of IMEA at one time or another. All can continue to benefit as one, strong, unified voice. We are dedicated to our founding principles of providing programs and services that bring members of Indiana municipalities the protection, knowledge, experience, and tools needed for the safe, efficient and effective utility operation in today's complex, diverse and ever-changing industry.

BROWN

Wood Preserving Co., Inc.

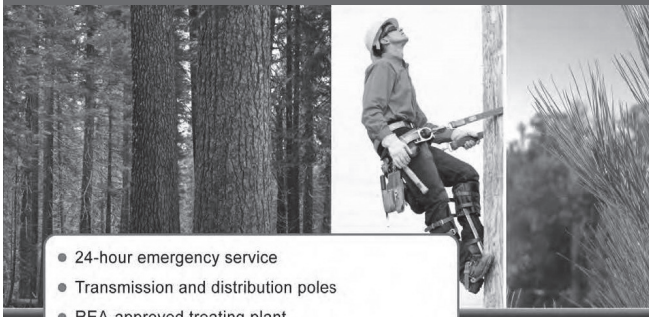

Exceptional quality and proven service from forest to your site since 1929

Contact Our Sales Offices

Louisville, KY
950-537-1765
Pensacola, FL
850-484-7653
Philadelphia, PA
877-650-3650

A Singular Focus on Excellence

At Brown, we focus exclusively on pressure-treated wood poles, and handle everything from timber selection through pole delivery right to the customer's yard or installation site. Our company has stringent quality control measures in place, and we conduct inspections after every phase of the production process. You can count on us to go the extra mile, with features like 24-hour emergency service, customized products, inventory services and many more. This assures you of receiving exactly the products you specify, when and where you need them.

- 24-hour emergency service
- Transmission and distribution poles
- REA-approved treating plant
- Three treating options, Penta, CCA and CCA-ET®
- Company-owned boom trucks

An AEP Company

INTEGRITY MATTERS

AEP Energy Partners (AEP/EP) understands that each municipality, cooperative and utility customer has different power supply needs and risk profiles. As one of the largest wholesale suppliers in the country, AEP/EP specializes in offering customized wholesale power supply products based on the specific needs of our customers' electric system. AEP/EP's energy experts carefully balance the forces of price and risk to create the right power supply product at a competitive price.
