## Jobs in Public Power

Indiana's 72 municipally-owned and operated utilities are always looking for tomorrow's potential public power leaders. The future of public power will be brighter if we can help tomorrow's work force discover the many rewarding career paths that municipal electric utilities offer, as well as the satisfaction of serving the public. If you or someone you know is interested in pursuing a career in Public Power in Indiana & the surrounding areas please go to: [www.imea.com](http://www.imea.com) (Click on classifieds tab / home page).
