

## Safety Message of the Day for IMEA Members

### **IMEA Thank You & Safety Message**

On behalf of our entire team, we would like to express our sincere admiration for your outstanding efforts in workplace safety. We appreciate everything that you have done over the past several years. We pride ourselves on your hard work and dedication to making every critical service a great success.

We hope our Safety Messages assist you in your efforts as you strive for SAFETY EXCELLENCE!

Thank you once again for all your contributions and participating in all the IMEA programs and services.

**Stay Alert (and Stay Alive).** The more alert, awake and aware you are, the more likely that you will be able to recognize hazards and unsafe conditions and the less likely that you will get hurt as a result of them.

**Use Your Own Initiative for Safety Protection.** You are in the best position to see problems when they arise. Ask for the personal protective equipment or additional guidance you need. Never fail to report accidents, defective equipment or unsafe conditions.

Best regards,

Janel Sparks, IMEA  
Member Services and Communication Manager

Duane Richardson, IMEA  
Executive Director
