

Safety Message of the Day for IMEA Members

Common Safety Mistakes Safety Message

Some of the most dangerous situations arise out of common mistakes that can be easily avoided. This Safety Message will focus on some of the more common (and commonly overlooked) safety issues that should be prevented to help improve safety performance.

Common mistakes

- Lack of housekeeping
- Not using Lockout / Tag out on equipment
- Improper use of Personal Protective Equipment (PPE)
- Not having a process or plan
- Failure to communicate

Questions for Discussion:

1. What is one common safety hazard you have encountered on the jobsite?
2. Can you give an example of when you did not follow a process or plan and as a result created a safety hazard?
