

Safety Message of the Day for IMEA Members

First Aid Safety Message

What would happen today, if there was an accident at your workplace? Would you know what to do? Would the injured person get the best possible care as fast as possible?

When an accident happens, a first aid program that meets the requirements of the law and is tailored to the type and size of the workplace can literally make the difference between life and death, or between recovery and permanent disablement.

In our industry, emergency supplies and an action plan are especially important
