

ELECTRIC UTILITY SYSTEM OPERATIONS CONTROLLER / DISPATCHER

Henderson Municipal Power & Light (HMP&L) is seeking a System Operations Controller / Dispatcher for the electric utility in Henderson, Kentucky. Position performs technical functions using a Supervisory Control and Data Acquisition (SCADA) system and Outage Management System (OMS), monitors the electrical system, responds to abnormal electrical system conditions involving disabling/enabling electrical switches, tracing electrical lines and operating breakers/switches to adjust electrical line load. Position dispatches crews for maintenance/repair, and answers multi-line phones for customer calls. Position requires working rotating shifts of eight or twelve hours; daily, weekends, and holidays. Qualifications include: high school diploma/GED; supplemented by training and knowledge of electrical systems, SCADA system, OMS and computer systems, minimum of one year experience dispatching and customer service; or equivalent combination of education, training and experience. Requirements include: ability to demonstrate regular and predictable attendance; residency in Henderson County; valid driver's license; must pass a drug/alcohol screen, physical exam, and background check upon conditional offer of employment; and have no DUI convictions in the previous 5 years. Starting wage is contingent upon experience and includes paid vacation, sick leave, health benefits, and other benefits. Application and job description is available on-line at www.hmpl.com. All applications must be completed and returned to the Human Resources Department by COB, Friday, 06/07/24. EEO/M/F/V/D
